There is a sense of welcome from the moment you walk in the door.

Well-proportioned living spaces and layout allow a natural flow for day to day living, inside and out.

At the front of the home is the split-level lounge and adjoining dining room, where you can gather at the table with family and friends or relax in comfort.

Continue through to the separate family room, with gas wall heater, opening to the outdoor entertainment area. This extensive undercover area transitions from the carport with roller door entry, through to the entertainment zone adjoining the family room, and on to the rear shed.

All the space you need to enjoy time with family and friends, fire up the barbecue, play, create, tinker and park.

And at the centre of the home is the Kitchen with walk-in pantry, gas stove, built-in wall oven and separate grill, plus plenty of bench and cupboard space. The servery to the family room and direct access to the dining room ensure connectivity to the activities in the rest of the home.

There are three good sized bedrooms, the main with bay window and dual built-in robes. And the split design two-way bathroom provides the convenience of three separate zones – Toilet, dual vanity and shower and bath.

Other features include security screen doors, lockable French pane windows, new carpet, ducted evaporative cooling, and Vulcan gas wall heater.

All the foundations are solidly set to make this house your home.
